ISSN (Online): 2772-3356

CURRENT PHYSICS

Aims & Scope

The journal publishes original research articles, letters, case reports, reviews/mini-reviews, editorials, commentaries, perspectives, letters to the editor, and guest edited thematic issues in various topics related to physics.

It is not limited to any one aspect of a specific field but focuses on a wide range of sub-fields within that field. Articles with interdisciplinary features are especially popular. Articles in the following fields are of particular interest to the readers of this journal:

- Astronomy and Astrophysics
- Atmospheric Physics
- Atomic and Molecular Physics And Optics
- Biophysics
- Chemical Physics
- Electromagnetism
- Experimental Physics
- General Physics
- Geophysics and Planetology
- Instrumentation
- Medical Physics and Soft Matter Physics
- Modern Cosmology
- Nature Physics
- Nuclear and High Energy Physics
- Quantum Physics
- Radiation
- Statistical and Nonlinear Physics
- Surfaces and Interfaces
- Thermal Physics
